MEMORANDUM FOR: Chief, Technical Services Staff

SUBJECT : Request for Increase in Scope with Additional Funds
under Task NN of Contract RD-26

25X1

1. Description of the Project

This project is a development effort directed toward the design, installation, and evaluation of an air conditioned, mobile, combination audio-photo surveillance unit.

2. Purpose of the Project

It has been requested to provide a mobile, combination audio-photo surveillance unit for specialized missions in a hot, humid climate. Occupancy by one person for an eight hour period is desired.

A Volkswagen panel delivery truck has been purchased and is being modified to accomodate air conditioning, ventilation, close in surveillance, audio and photo equipment. Lighting, work talbe, lockers and dummy cargo shelves are also being installed. A special luggage rack type antenna has been installed for the communications equipment. The working space is completely insulated.

Due to an additional requirement, constituting change in scope, it is requested that the original scope be amended to include the development of a removable, combined infra-red light source and receiver for observation of close surrounding areas at night.

3. Recommended Contractor
